Gaurav Navghare

ML Intern @FlyRank AI | Data Science & Analytics | AWS Student
Builder Group Leader | GFG Campus Ambassador
Nashik, Maharashtra, India

Summary

I am a Computer Engineering student passionate about Machine Learning, Data Science, and Analytics, with a strong interest in building intelligent solutions that solve real-world problems through data. Currently, I am working as a Machine Learning Intern at FlyRank AI, where I am gaining hands-on experience in AI and data-driven development. Alongside this, I serve as an AWS Student Builder Group Leader and GeeksforGeeks Campus Ambassador, contributing to technical communities by organizing learning initiatives and helping students explore emerging technologies. My technical interests include Machine Learning, Data Analytics, Artificial Intelligence, Python, SQL, Power BI, and Data Visualization. I also have foundational knowledge of AWS Cloud and enjoy learning how cloud technologies support scalable AI and data solutions. I enjoy building impactful projects, participating in hackathons, and continuously expanding my technical skills. I'm always open to connecting with professionals, collaborating on innovative projects, and exploring opportunities in Machine Learning, Data Science, and Analytics.

Experience

FlyRank AI

Machine Learning Intern

July 2026 - Present (2 months)

As a Machine Learning Intern at FlyRank AI, I work on developing AI-driven solutions by applying machine learning techniques to real-world problems. My role involves data preprocessing, feature engineering, model development, and performance evaluation using Python and industry-standard tools. Through this internship, I am gaining hands-on experience in building data-driven applications, collaborating with experienced professionals, and strengthening my skills in Machine Learning, Data Science, Analytics, and AI while contributing to practical business solutions.

Education

Mumbai Educational Trust, MET League of Colleges

Bachelor of Engineering - BE, Computer Engineering · (August 2024)
